**Kanye West**

***YEEZY Season 6 Zine***

### **Main description**

*YEEZY Season 6 Zine* presents Kanye West's YEEZY footwear, apparel and accessories through the photographs of Jackie Nickerson. Like West's previous zines, this newest edition displays Nickerson's atmospheric imagery in an oversized format without any text, creating a richly visual narrative. Members of the YEEZY cast including Abella Danger, Hafiiia Mira, Amina Blue and Chanel Postrel are captured in and around West's Calabasas design studio during the aftermath of the 2017 wildfires. The charred, ashen landscape of the Santa Monica Mountains echoes the subtle mineral palette of the collection, rendered in vivid detail.
